

# MECHANICAL PRODUCTS INC.

## Fluid Handling, Heat Transfer & Steam Equipment / Service

"Performance to Specification with 24/7/365 service support"

Atlanta - Birmingham - Chattanooga - Florida - Knoxville - Nashville

P: 678-513-7514 www.mechanicalproducts.net Fax: 678-513-7515

TOLL FREE: 1-855-MECHPROD

Boilers & Water Heaters - Boiler Plant Controllers - Boiler Room Equipment - Cooling Towers & Fluid Coolers - Coil Hook-up Piping Packages - Control Valves - Custom Air Handling Units - Draft Fan Systems & Controls - Expansion Joints & Ball Joints - Filtration & Strainers - Flow Control & Balancing Valves - Flow Meters - Heat Exchangers - Hot Water & Steam Generators - Non-Chemical Water Treatment Systems - Packaged Pumping Systems, Penthouses & Data Plants - Pumps & Hydronic Accessories - Pure Water Systems - Pressure Independent Temperature Control Valves - Rainwater Harvesting Systems - Storage Tanks - Temperature Control Units - Venting & Exhaust Systems

ball joints & slip type expansion joints, guides & anchors, stress analysis & layout support

**CAMP COMPANY** filters & strainers stocked in Atlanta area, ISO 9000, TQM Brands, lab & tech support

cast iron & cast aluminum condensing gas fired hot water boilers

variable speed packaged booster pumping systems for HVAC, process, domestic water, municipal booster stations, custom VFD controlled pumping systems/controls

custom Air Handling Units, Penthouses & Data Plants, Off-site construction

pumps, heat exchangers, hydronic & pump accessories, storage tanks, pressure vessels, packaged systems

pressure independent temperature control valves, differential pressure controllers

non-chemical water treatment reduces blowdown for cooling tower systems, only manufacturer certified to ASHRAE test to this date when others have failed, proven technology from mining and petro chemical market applications, ability to pass signal up to 6 miles, lowers energy consumption, service

steam & hot water boilers, water heaters, boiler room equipment & controls, packaged systems

central & point of use ultra-pure water systems, reverse osmosis & deionized, rainwater harvest systems, service

CTI certified ISO 9001 induced draft counter flow & cross flow cooling towers, forced draft cooling towers closed circuit fluid coolers & TowerMizer controls, hurricane rated towers

steam & hot water boiler system controllers with ability to monitor via web access

stainless steel boilers, water heaters & storage tanks

## PRECISION VENT

Category I, II, III, IV, non-categorized, B-vent, CPVC/PVC plastic, positive pressure, condensing, engine exhaust, grease duct, stocked name brands same day shipment, draft design and field assistance services

automatic flow control & balance valves, venturi flow meters, piping packages & hose kits

## R.A. Sweet Company

flow metering systems - batch controllers, meters for BTU, compressed air, flow rate, gas, liquids, mag meters, oil, steam, orifice plates, paddlewheels, pitot tubes, recorders, target meters, totalizers, transmitters, turbine meters, venturi meters, vortex meters, rate meters & totalizers

US Draft Company draft or dryer mechanical exhaust fans & controls, variable or fixed speed mechanical draft fans, dampers & inducers, hearth exhaust systems, clothes dryer exhaust systems, supply air fans & related controllers, extensive code knowledge & draft design assistance

## V.A.F. FILTRATION SYSTEMS

Valve & Filter Corp. hydro cyclone centrifugal separators & filtration solutions including automatic, self-cleaning, maintenance free side-stream or full flow high efficiency screen filters & skid systems for any industrial, municipal & commercial application; un-interruptible filters with low backwash rates

Electric or pneumatic 2- way & 3-way control valves
